PROFESSIONAL EXPERIENCE

Backend Engineering Student   Greenville, SC
The Iron Yard   September - December 2016
Completed a 12-week immersive course in backend web development learning the Python language and Django framework. Built a functional web application deployed on Heroku.

Guest Experience Educator   Columbia, SC
EdVenture Children's Museum   April - August 2016
Led STEM based educational programs for children and families in a wet lab to promote enjoyment of learning and awareness of chronic diseases common in South Carolina. Managed museum floor staff and exhibits on a daily basis while also directing and interacting with guests and their concerns.

Guest Experience Associate   Columbia, SC
EdVenture Children's Museum   August 2015 - April 2016
Assisted in maintaining a safe, fun, and educational environment for children and families by providing knowledge of museum exhibits and upcoming events. Inspected, organized, and cleaned manipulatives in various exhibits.

BioInvestigations Lab Educator   Columbia, SC
EdVenture Children's Museum   January – August 2015
Managed inventory of the wet lab and assisted the health educator in teaching STEM based activities and programs onsite and offsite to promote awareness of prevalent chronic diseases in South Carolina.
